## IV. Grammar Explanation

### 1. Passive verbs

How to make passive verbs (See Main Textbook, Lesson 37, p. 96, 練習A1.)

|     |      | Passive verbs |            |
|-----|------|---------------|------------|
|     |      | polite form   | plain form |
| I   | かきます | かかれます         | かかれる       |
| II  | ほめます | ほめられます        | ほめられる      |
| III | きます  | こられます         | こられる       |
|     | します  | されます          | される        |

All passive verbs are Group II verbs; they conjugate into the dictionary form, ない-form, て-form, etc.

e.g. かかれる, かかれ(ない), かかれて

### 2. $N_1(\text{person}_1)$ は $N_2(\text{person}_2)$ に V passive

When a person ( $\text{person}_2$ )'s action is directed to another person ( $\text{person}_1$ ),  $\text{person}_1$  can state it from his/her side by using this sentence pattern. In this case,  $\text{person}_1$  becomes the topic of the sentence,  $\text{person}_2$  is marked with に, and a passive verb is used.

先生は わたしを 褒めました。 My teacher praised me.

① わたしは 先生に 褒められました。 I was praised by my teacher.

母は わたしに 買い物 を 頼みました。

My mother asked me to go shopping.

② わたしは 母に 買い物 を 頼まれました。

I was asked to go shopping by my mother.

Something that moves (animals, cars, etc.) can replace  $\text{person}_2$  in this sentence pattern.

③ わたしは 犬に かまれました。 I was bitten by a dog.

### 3. $N_1(\text{person}_1)$ は $N_2(\text{person}_2)$ に $N_3$ を V passive

When a person ( $\text{person}_2$ )'s action is directed to an object belonging to another person ( $\text{person}_1$ ), and  $\text{person}_1$  feels annoyed or troubled,  $\text{person}_1$  uses this sentence pattern to express his/her feelings.

弟が わたしの パソコンを 壊しました。

My brother broke my personal computer.

④ わたしは 弟に パソコンを 壊されました。

I had my personal computer broken by my brother.

Like in sentence pattern 2. above, an animate object or something that moves can replace  $\text{person}_2$ .

⑤ わたしは 犬に 手 を かまれました。 I had my hand bitten by a dog.

[Note 1] In this sentence pattern, the topic of the sentence is not the object (N<sub>2</sub>) of the verb but person<sub>1</sub> (N<sub>1</sub>), who feels annoyed or troubled by what person<sub>2</sub> does to the object belonging to him/her. Thus わたしのパソコンは おとうとに こわされました is not correct. You should use sentence ④ shown on the previous page instead.

[Note 2] As this sentence pattern is used when person<sub>1</sub> is troubled by what person<sub>2</sub> does, it cannot be used when person<sub>1</sub> is grateful for what person<sub>2</sub> does. ~て もらいます is used instead.

- ⑥ わたしは 友達に 自転車を 修理して もらいました。

I had my bicycle repaired by my friend.

- × わたしは 友達に 自転車を 修理されました。

#### 4. N(thing) が／は V passive

When you need not mention the person who does the action denoted by a verb, you can make the object of the verb the subject of the sentence. In this case, a passive verb is used.

- ⑦ フランスで 昔の 日本の 絵が 発見されました。

An old Japanese picture has been discovered in France.

- ⑧ 日本の 車は 世界中へ 輸出されています。

Japanese cars are exported all over the world.

- ⑨ 会議は 神戸で 開かれました。

The assembly was held in Kobe.

75

#### 5. N<sub>1</sub> は N<sub>2</sub>(person) によって V passive

When something is created or discovered, and it is stated using a passive verb, the person who created or discovered it is indicated by によって instead of に. Verbs like かきます, はじめます, はげんします, etc., are used in this sentence pattern.

- ⑩ 「源氏物語」は 紫式部に によって 書かれました。

"The Tale of Genji" was written by Murasaki Shikibu.

- ⑪ 電話は ベルに によって 発明されました。

The telephone was invented by Bell.

#### 6. N から／N で つくります

When something is made from a raw material, the material is marked with から. When it is obvious to the eye that something is made of a particular material, the material is marked with で.

- ⑫ ビールは 麦から 造られます。

Beer is made from barley.

- ⑬ 昔 日本の 家は 木で 造られました。

Japanese houses were made of wood in the past.
